

HomeAgain®

your pet's ticket home

Microchip

Microchip (shown actual size, 2 x 11mm) is injected like a routine shot by a veterinarian and is good for the life of your pet.

Collar Tag

Each Home Again® microchipped pet receives a collar tag preprinted with the Home Again® Pet Recovery Service phone number and your pet's unique ID code.

Enrollment

Every enrolled pet has its information stored in the secure Home Again® Pet Recovery database which is used to contact you if your pet becomes lost.

Scanner

Thousands of veterinarians, animal shelters and animal control agencies routinely use harmless hand-held scanning devices to read the ID code on the microchip.

24/7 Recovery Service

Professional and knowledgeable recovery services are provided by the Home Again® Pet Recovery team at 1-866-PETID24 (1-866-738-4324).

HomeAgain®
PET RECOVERY SERVICE

Every 6 minutes a pet is recovered with HomeAgain®.

What is the HomeAgain® Pet Recovery Service?

The HomeAgain® Pet Recovery Service is a safe, simple and permanent form of pet identification designed to quickly identify lost pets and reunite them with their owners. It's a proven way to successfully recover your pet if it ever becomes lost.

HomeAgain® is your pet's ticket home.

1 Microchip your pet

Simply call your vet to make an appointment. Similar to administering a routine shot, within seconds a HomeAgain microchip with a unique identification code is implanted between the shoulder blades of your pet.

2 Enroll your pet

Once your pet is microchipped, fill out the enrollment form enclosed with the microchip. The information is then stored at our HomeAgain® Pet Recovery database that is available 24-hours a day, 365 days a year.

3 If your pet is lost

If your pet is ever lost, they can be scanned at animal shelters or veterinary clinics to reveal their unique HomeAgain® Pet Recovery number. That identification number is called in to HomeAgain® (1-866-PET-ID24) and you are notified immediately.
